Dear Julie:

We enjoyed so much having Bobbie and her husband with us over last week-end and we talked much of you.

I have been hoping to get up to New York so that we could have a good talk together, but now it looks as though I shall be leaving for Europe on Friday and prebably won't get a chance to see you until I get back about the middle of September. Meanwhile, all best wishes to you both.

Sincerely,

General Julius Ochs Adler
